Dear General Latta:

Reference is made to your letter of 22 August 1963 (File NEEC), subject "Fifth Annual NORAD Electronic Warfare Conference."

Within the constraint of an over-all security classification of SECRET, we find it impossible to present a paper on Covert ELINT which would be appropriate and meaningful to your conferees. We regret, therefore, that we must decline your invitation to present a paper on this subject.

Very truly yours,

/s/
